Inter-Department Memo

DATE: May 7, 2020
TO: Distribution
SUBJECT: COVID-19 Update for Employees
FROM: NASSCO Communications

We would like to provide you with several updates regarding COVID-19. The NASSCO team has been working very hard to keep the workplace safe while we continue our essential work. Since our last update, we have received information on additional cases of COVID-19. For all known cases, thorough cleaning and sanitizing have been completed and contact tracing is in progress.

Yesterday was the first day of mandatory face coverings. It was noticed and appreciated that everyone is taking the new instructions very seriously and we are complying with the new county order. This is another step in the right direction and we must continue that commitment.

It is good news that COVID-19 testing has become more accessible in San Diego County. As a result, we may continue to receive more notice of positive reports. The state's three sites will offer about 800 testing appointments, Monday through Friday at the following locations:

Grossmont College
8800 Grossmont College Dr., El Cajon, CA 92020

Former Sears in Chula Vista
565 Broadway, Chula Vista, CA 91910

North Inland Live Well Center in Escondido
649 W Mission Ave., Escondido, CA 92025

A doctor's referral is not required for testing at the above sites, but appointments are required. Appointments can be made online at <https://lhi.care/covidtesting>

If you have no Internet access, call [888-634-1123](tel:888-634-1123), Monday through Friday, 7 a.m. to 7 p.m.
