

DATE: March 12, 2020
TO: All Non-NASSCO Personnel Entering NASSCO Facilities
FROM: NASSCO

Consistent with our efforts to safeguard all individuals visiting our facilities, NASSCO depends on our partners to screen their employees before sending them to work at any NASSCO site. Below are the questions that our security teams are asking of all visitors, and are aligned with the CDC guidelines.

- 1) Have you, or anyone that you have had direct contact with, been suspected of, or confirmed to have COVID19?

Usted, o alguien con quien haya tenido contacto directo, haya sospechado o confirmado que tiene COVID-19 (coronavirus)?

- 2) Have you or anyone that you have had close contact with had an elevated temperature or respiratory symptoms, such as fever, cough, or shortness of breath, in the last 14 days?

Usted o alguien con quien haya tenido contacto cercano ha tenido una temperatura elevada o síntomas respiratorios, como fiebre, tos o falta de aire, en los últimos 14 días?

- 3) Within the last 14 days have you, or someone in close contact with you, traveled to a CDC Level 3 country or high risk area of transmission?

En los últimos 14 días, ha usted viajado, o alguien en contacto cercano con usted, a un país de nivel 3, según el CDC (Centers for Disease Control) o a una área de transmisión de alto riesgo?

- 4) Have you been clear of flu like symptoms, without medication for the last 48 hours?

¿Ha estado libre de síntomas similares a la gripe, sin medicamentos durante las últimas 48 horas?
