

GENERAL DYNAMICS NASSCO

Inter-Department Memo

DATE: April 28, 2021
TO: Distribution
SUBJECT: San Diego COVID-19 Vaccine Clinics Now Accepting Walk-ups!
FROM: NASSCO Human Resources

Have you heard? All San Diego County COVID-19 vaccine sites are now accepting walk-ups!

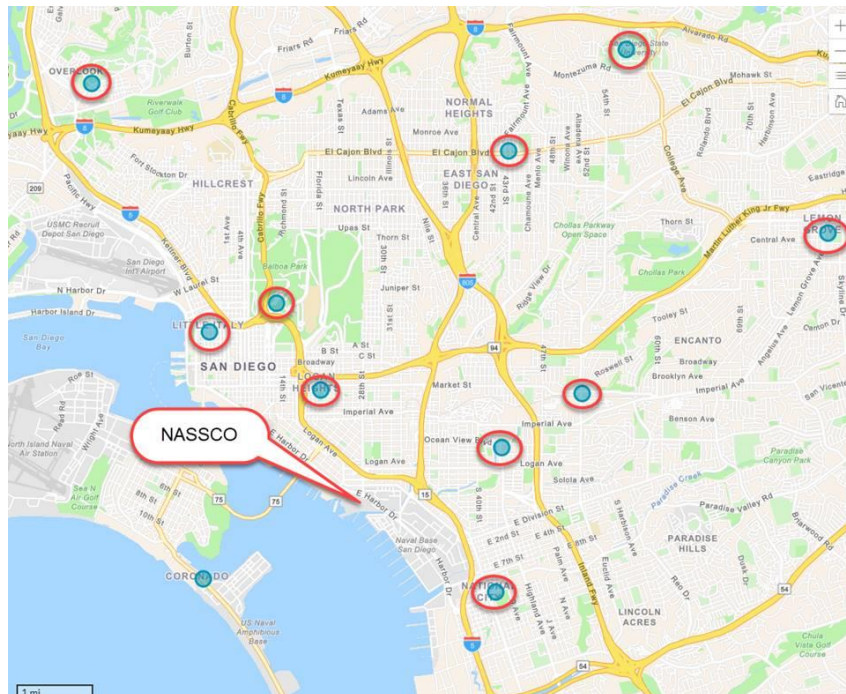

Vaccination appointments can still be scheduled ahead of time but the County will also set aside vaccines for walk-ups, while supplies last each day. ONLY County clinics have walk-ups at this time.

If you would rather schedule an appointment, search for appointment times and locations via the county's website:

https://www.sandiegocounty.gov/content/sdc/hhsa/programs/phs/community_epidemiology/dc/2019-nCoV/vaccines.html.

The map below shows county vaccination clinics near NASSCO. Anyone 16 and older who lives or works in San Diego County can get a vaccine at a county site at no cost.

As more information about the vaccines becomes available, we will continue to post updates and resource information on NASSCO's Vaccine Resources page: <https://nassco.com/covid-19/resources/>. For questions or for more information on these clinics, please contact NASSCO Medical at ext. 8861.
