Get unlimited 4G LTE smartphone data, talk and text with no data overages or bill shock. The price you see is the price you pay—not a penny more.

On all T-Mobile plans, during congestion the top 3% of data users (>28 GB/mo.) may notice reduced speeds due to data prioritization. Video typically streams on smartphones at 480p. Tethering at max 3G speeds.

Limited time offers; subject to change. Qualifying plan required. Advantage offer cannot be combined with other discount programs. Card valid for 90 days. **T-Mobile One General Terms:** Deposit and \$20 SIM starter kit may be required. Capable device required for some features. U.S. roaming and on-network data allotments differ: includes 200MB roaming. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. T-Mobile ONE not available for hotspots and some other data-first devices. Video streams at up to 1.5Mbps unless you have an HD Day Pass. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **Tethering:** Tethering at max 3G. Service may be terminated or restricted for excessive roaming. For customers in the top 3% of data users (currently over 28GB per month), primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. **Coverage** not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be **slowed, suspended, terminated, or restricted** for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See [T-Mobile.com/OpenInternet](http://T-Mobile.com/OpenInternet) for data management details. **Not for extended international use; you must reside in the U.S. and primary usage must occur on our network.** Device must register on our network before international use. **Coverage** not available in some areas. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming.
